Our cross-country course is primarily on rolling grass and dirt trails. Highly recommend Spikes on this course. Only pavement is crossing Seaborn Drive. Overall course is fairly flat with some rollers.

MS 2mile Course

- Mile 1 is Blue** - Pretty much downhill. Small hill coming out of the first wooded section. then slight hill coming around the tennis courts then slight hill up to seaborn drive. Once across seaborn drive its downhill and flat.

- Mile 2 is Green** - Wooded sections with windy gravel and dirt paths. Great views of Bellamy River on backside of woods. One fairly steep 10' downhill section behind the school. Near the boat dock has nice views and some rollers before crossing bridge and a straight shot to the finish line
